Importance: Normal

Jeffrey,

I arrive at zorro tonight at midnight, something is missing from my closet at my home in Zorro, I want to look harder for this piece before being to concerned.

Mono has help me look but to no avail.

My home is always locked according to Brice and Mono. This piece has been in my closet for over 5 years, with no problems in the past.

I will tell you more in person.

Thank you,

Larry
