Nothing. Unbelievable. I don't know how Noam can be so patient. Also I think we will have to check the numbers very carefully, because many mistakes have taken place in his previous reports and I even wonder how accurate the tax return is. We received a correspondence from the IRS with reference to a \$70,000 amount that I am not sure what it means. I also informed and send all documents about the LLC I started for organizing cultural events, as I have done my first project last year: a book tour in the US for the former Brazilian foreign minister. We were not informed if he included my company and the start up expenses in our tax return. Hopefully he did.
