Jean Luc,

We will not be able to get any letters from Clients for Nadia. She has no book and never had much client interest. I don't see how I can help.

Jeff

Hi, Jeanluc.

I hope you are having a good time on your travels.

I wanted to talk to you about my visa. Can I call you later today?

I spoke with an immigration lawyer last week and it sounds like there should be no problems with a green card if I do it as soon as possible. I would need from the agency a new contract and possibly a few letters of recommendation. I can take care of all other requirements without involving the agency. Can I count on your support with those two things?

Merci,

Nadia
