It seems strange to me, but who knows. Let me know as soon as you get sign off on the statement and we will get it out. If you can have someone send me all the contact information, we will start calling and emailing asap.

My partner Tony Knight says we would have difficulty supporting the decade comment – based on his read of the court records. Maybe we can say that they occurred years ago or something like that.

Jeffrey

Here is the draft statement.

Aside from the fact that some of the allegations being levied against me are false, those actions which resulted in my pleading to soliciting a minor for prostitution and soliciting prostitution, as well as those which are the subject of the civil suits being reported on in the media, occurred more than a decade ago. This was a different time and chapter in my life and one, with the help of counseling, I have put behind me. I am a different person today than I was then and am focusing on helping the community through educational, scientific and healthcare philanthropic contributions, as well as discharging my responsibility as a financier at the highest professional level.

At most I would say that the current media allegations date back over a decade, that you deeply regret some of your past conduct, and that your present and future are committed to helping the community through your philanthropic contributions and discharging your responsibilities as a financier at the highest professional level
