Greetings Mr. Epstein,

March 14 photographs for your review and comments:

Landscaping - work that Igala's crew did last week, and is continuing this week:

Banana plantings on hillside below master

Ficus and jasmine hedge plantings, hydroseeding and silt fencing along back terrace/hillside and steps to master

Aphid infestation remedy on red border road to the gym

Road work on Northeast Point

Igala's crew also cut the helipad/gym areas, cleaned the red grass and trimmed coconut trees.

Entry

Flagpole pool

Pool main compound

Kitchen banquette

Little office

Living room floor - second coat of varnish applied

Library - floor sanding is in progress. Gary will have a portion of the sheathing removed from the cabinetry tomorrow so I can take the floor stain samples, cabinets, ceiling and globe in the same photograph as requested

Respectfully submitted,

Daphne
