Dear G

Nothing in the US media, print, television, radio...someone is calling around trying to alert people here to stories in the UK and apparently the AP has carried something...editors have no interest at this point...look at your Wikipedia page and have someone over there change it...if they cannot we can do it but this is important as anyone wanting to write will use this as a source.

Around all day on cell - [REDACTED] and will try to call later.

Am a little anxious re the weekend media here as whoever is calling might have better success in this spot.

Assume that no "blockbusters" are coming out?

At some point we need to talk about upcoming legal proceedings that might involve you

Bob
