1. can you please pay for the transcription service pls so i don't have to transcribe hrs of interview? (I am embarrassed to ask this but I am trying to save money for my new apt and you are loaded. here's the link: [REDACTED] I can set it up with Lesley if you okay it.
2. when this first started you said this was for science site. then it became apparent you needed it for SEO (which would require this to be written differently). then it was possible for the UN (and I started drawing out aesthetics). Now I don't know what your motivation is. I want to help you with this. It will be time consuming. Im willing to try but I really feel that knowing your motivation, your audience, the venue, and your expectations will make this more efficient and more valuable.  
I think I am doing this as your friend, not your employee, so I would really appreciate this feedback before I spend more time on this kind of stuff (I spent tens of hours dealing with AI last year and working on that copy which was never to be used).
3. Yes, you have no rough draft. I haven't done one for all these reasons. But I have also written you many many emails trying to get some traction on these answers (and have seen you many times in between when you made no mention). So, J, what do you want? Why do you want it with such fervor now? These things will help me ....and may also help me advise you on different tracts and endeavors for the future of this project.
4. Not sure if you were having a bad day yesterday or something was making you feel like you have to run perhaps. You can take it out on me if you need to - but please respect how busy my schedule is and how much I care about you and want to help you by making sure that your commitment to this whole project is substantial enough to be consistent, communicative, and considerate.

True. W all the disruption in ur life I thought u were puttung it on hold. I was meaning to ask u if u cud pay for the transcription service that will turn the file to text to me but it didn't seem appropriate in the last months. Can I send u or leslie that link? I researched the best one...I may be able to then work on this on weekend. Need to discuss ur audience and tone and motivation so I can hit it in the head. (I.e., Is this just for content to be used for SEO? Or do u want to establish a public-facing voice?)
