Greetings Mr. Epstein,

Photographs of May 3 for your review and comments:

Library waxing - The cabinetry in photograph #2 - "Library waxing (2)" - has dark wax applied on the right side, and clear wax on the left side. Curtis said he stopped applying the dark wax at your request, and has requested advisement on whether you would like him to remove the dark wax so the entire cabinet is finished in the clear wax, or should he apply the dark wax to the left side of that particular cabinet to match the right side and even out the overall .
