Jeffrey,

I received the quote from Jack at American Export and there were two lines that had bad part numbers so he could not price them so I just added them in so we can fully compare the prices.

Please see the attached and if this was an emergency we estimated FedEx over night to be \$800 due to the weight of the items

The material cost difference is less by \$4,591.68 so even if we FedEx them the savings would be \$3,791.68

We have not signed the check and still holding it

Please advise
