im sorry , but things that mean something to you , can wait until you are older. there is life to be dealt wiith , worrying about what ohters think , will not make you sucessful biut it will divert your time from real growth. . the chariy word is for older people already established with little to do in life. . it is silly and no foundtiaon on which to build. I can only givbe you my best advice. and of course you are continuallyu free to ignore it. I will always support you so no worry, but you need to work . not funck around with charity nonsense. just my view.

understood. [REDACTED] has been away for two weeks and I haven't spent any time on him. My only excuse is the lack of self confidence and creativity. I will try harder.

I have been able to do some work on Education Advance, securing partnerships with two reknown organizations (Elevate NY and Reconnect Brooklyn). Once we select particular students, a few people I met expressed their willingness to donate. I understand you don't like nonprofits that much, but these little things mean a lot to me. It is my own self realization

I don't know how to do a proper plan and how to promote the seminars to sell tickets. I know only a few successful women. I wanted to talk to you in person about it as it is a bit hard for me to come up with any ideas and I am not even sure what I am doing regarding women.
