I didn't forget. I almost took 90 at my last Toefl test. So instead of telling me what I should have done why don't you help me to actually do things and achieve my goals. I think I've already lost enough time like this or should I lose some more ?!

Can you imagine all the great things I could have done in 3 years if you had helped me properly in the right way with consistency instead of just wanting to prove a point and criticize me the whole time??? I could have lived and worked in NY, [REDACTED] school, best internships, best photographers, acting school... but for some reason you always rejected me, you never allowed me to come to NY, never allowed me to follow my passions and all the internships and jobs that I did I've always had to find them on my own with none of your help and still it was never ok for you. Instead of pushing me and do everything in your power to realize my dreams, you stopped me, pulled me back saying " this is the price you have to pay" or " you haven't finished your sentence" making me lose the 3 best years of my life from 20 to 23.

I'm tiered to discuss this. It's not going anywhere anyways. It's not because I did many mistakes that allows you to destroy a life. At your age you should help people thrive, not smash them, despite all the mistakes I did. We are not at the same level and we are not competing either. I'm trying to get better. Hope you will realize one day that living a person like this is not cool. Going to sleep. Goodnight

I'm blaming you, not the rest of the world. You don't give support and then take it away in the middle of the growth of a person. It's inhuman

I gave you support and all you had to do was tell the truth ti continue it. . you decided not to i gave you antoher chance and you decided to waste it. and the third and again you decided not to . get real you refused to go to class .? in [REDACTED], you wanted only to go to parties , [REDACTED] school more parties. I did my bes to try to get you to stop . but you continued always with an attitude. you traveled to [REDACTED]. to leanr and all you had to do was tell the truth and not steal. and then you still refuse to accept your own role and continue to blame me and the rest of the world.

Still, this doesn't allow you to destroy the life of a person. You compromised my studies, my future, my hopes, everything. For a matter of trust you left me in the street. Don't know if you realize the gravity of what you did...

typical. it is not about money it is my trust that you abused over and over , what don't you understand about that. my trust , more valuable than money, abused, disrespected discarded.

Sad to hear that the only thing you care about is your money. What serious damage did I do to you ? You use the term stealing when the only thing I did was taking a [REDACTED] I was interested in after the semester was already paid. I didn't take any extra money for it. You make it sound like if I robbed you or I don't know what, telling me horrendous things for years, even after I apologized.

What you did to me was much, much worse because you interrupted my studies, left me in the street and all this in the middle of my growth without carrying about my future and all the psychological consequences that followed, including my attachment to you.

I cared about you more than everything and loved you more than anything I have ever seen or imagined and you hurt me greatly treating me like a pair of shoes.
