I considered the language you shared with me. I believe this language may be best. We need to be able to know whether a person is at the address or not. To waive the notice requirement all together will not be acceptable to the federal DOJ program managers. Remember they must review and determine if we are in compliance.

This is the suggested language; will it work for you?

To be added to section 1724(b) (4);

Provided however, an offender who is required to register under this chapter, who is required to travel out of the United States more than three (3) times in a twelve month period, shall request a waiver from the Attorney General. The Attorney General may grant a waiver which will allow the offender to appear in person at the Department of Justice no less than five (5) days before the first trip to provide the information, thereafter the future trips may be advised by e-mail or telephone no less than 48 hours before departure.
