**zorro greatly improved**, next round depending on pending budgets from VALCOM, will make it a state of the art place to relax and do business. I am asking them to TRIM OFF THE FAT --- I JUST NEED A BAND WITDTH UPGRADE EVERYTHING, ELSE THEY WANT TO sell US WE CAN HANDEL, WE JUST NEED BANDWIDTH FIRST, Any thing other then getting to i licensed spectrum with a new microwave to support fast internet does not matter at this time.

thoughts on how to spend till June 1st

1-send me to palm beach

\* the set up there happened to fast and i want to resolve any issues with the wi-fi and train januz on his new mac plus any thing else you want.

2-send me to lsj. LSJ i have a strong idea what is to be done ?

I would like to upgrade the data side of LSJ to a mac pro data server ( \$2799 ), and intro standardized reporting methods on all projects. This translates to unbelievable control once new pipe is put in to place.

*in the pipeline @ ftc*

new switches

rewire tech closet

kill sprint newtork and make aiport and / or server boss

-switch to att

-switch anna to mac

-switch mr casey to mac

-think about going all mac but get 1 laptop for training

- TIME TO REVIST IDISK AT FTC,NES,LSJ.PARIS,NEW MEXICO .... IT IS UNTAPPED RESOURCE ( SINCE I AM MAKIN WAVES --- FOLLOWING ME THROUGH ON THIS WOULD REDUCE YOUR REQUESTS FROM STAFF, AS YOU WOULD HAVE A REALTIME OVERVIEW OF WHAT EVERYONE ID DOING FOR YOU AT ALL TIMES ----- THAT HAS NOT MADE ME ANY FRIENDS BUT IF I WAS THE BOSS I WOULD WANT THAT oversight and access.

-3 Make sure work done by Nick is correct, and aggressively train Brice and gary moses to get all IT gear understood so as little involvment from IT is needed to correct basic PROBLEMS.

Before for work begins in june, if you so desire,I request a face to face meeting where we have time to discuss the future in a clear and calm way that will make both of us happy and I have many out of the box solutions they you will hopefully will find suitable.

4-Back to nyc by june with hopefully a creative way for you to get your advise you trust, and your are satisfied with my overall work performed to date . Lets redo the whole house audio every floor, every zone, and please

for me can we spend 10 minutes at the piano, would you please please for me?

OK JEFFREY when i first started for you i would write the big master plans and i quickly learned yes, no, ok was the better a approach  
but 15 days till going my job ends , this does give me courage just to tell you how it ..... from doc'd pay and being physically threaten and verbally abused by rich at work, working overtime, to being hurt on the job at lsj and stuck with bill. Worked x-mas, new years, My father went through major surgery have part of his leg removed and the answer was well you have work to do. I have earned i place in your organization and what makes most sense it I WORK FOR YOU YOU ALONE. You can send me anywhere you like, but I want to be the private technology consultant to you and i report to you alone.

chek out this demo  
<http://www.oranged.net/studiometry/download/>

it could change the way you do business dramatically as for as managing staff and i would talk the lead reporting only to you.

thank you Scott

p.s. some photos to follow
