Put yourself in the highly-trained squeeze of [Jochen Wellness Center](#) with today's SocialShopper deal: \$29 for a one hour, deep tissue massage (value \$85). They're in the business of knowing muscles like nobody's business.

Dr. Stephen Jochen opened his offices to bring a holistic wellness approach to the bodies of Beverly Hills (hey, "The Bodies of Beverly Hills" sounds like a great reality show!) Bringing together the time-tested wisdom of Eastern medicine and the modern breakthroughs of Western science, Dr. Jochen is a friend to any body.

With this deal, your body will benefit from a full hour of deep tissue massage, which is known to help detoxify your body and improve circulation. A friendly, knowledgeable, expert therapist will teach your tension who's boss and make your stress forget its own name!
