Subject: PBI Network Upgrade Option

Date: Tue, 16 Jan 2018 22:49:53 +0000

Attachments: Epstein_Residence_Ruckus_Network.pdf

Inline-Images: image001.jpg; image002.gif; image003.png

attached is proposal from ETC for Network to move to Ruckus Wireless in the amount of 26,865.23
equipment lead time is 2 weeks so approx 3 weeks from time we approve
ETC said they would try to do a quick repair while we waited
also need clarification on interior vs exterior access points as quote does not give details
i think quote is 20-25% inflated and it also includes 1145 for monitoring system which i am not sure you want..

please advise

- a) obtain another quote from FL vendor
- b) run numbers by AI and have him quote based on ETC pro forma (issue is on service if we use NYC vendor)
- c) negotiate and sign up ETC asap

please advise
thank you

Very good! can you please let us know how many points inside main house and outside.

Thank you,
Bella

Bella,

The guys said we'd definitely try to do a quick repair once it's approved while we wait on the rest.

They said that there are approximately nine access points on the property, so we are replacing all of them. If we find that we can get away with less, we will credit the one or two we don't use.

Good afternoon,

I've attached our recommendation for the network upgrade. Normally, it takes about two weeks to get all of the material, then the installation will follow shortly after.

We'd need the down payment before we can order anything. I can pickup a check, we can arrange a wire transfer, or we do take credit cards but there is a 3% service fee. Let me know what works best for you.

Let me know if you have any questions.

Regards,

Fred Ogg

Bella,

Thank you for calling. We are putting together the recommended network design, I will forward it to you by email as soon as it's done.

Regards,
