Dear Jeffrey,

I will be leaving Valartis at the end of the month and will need to get a power of attorney on Financial Trust in order to be able to follow up and still continue to manage the account.

If it suits you could you please make sure it is signed before the end of the month.

I have also enclosed some research I made on the silver market and I am fully convinced that a squeeze is possible if one can take delivery of 100% of the futures contract. The squeeze caused by the five increase in margins requirements only squeezed the week hands. I think that silver without undue speculation will end the year at \$60 and that its inflation adjusted value is \$150.-. It is also likely that the gold to silver ratio will fall under 20 from the current 40 within the next 36 months.

I also have a very interesting opportunity in gold and copper in Canada with a company listed in Canada called Pershimco (PRO CN), a company in unconventional oil in Quebec called Petrolia with a seemingly huge potential in Anticosti Island (PEA CN).

I also enclosed a real estate opportunity in St Tropez if you or one of your friends are interested.

I hope you are well and would love seeing you again.

Very kind regards,

Bernard
