Henry, I'm not sure which fiction we can / should discuss, : your view or what you believe to be public perception of a fine gentleman , - or merely you as a good friend . ? Our unique friendship used to be based on brutal truth, it was refreshing. I would suggest that your memory , no longer allows for the remembrance of details to maintain versions of stories that are consistant. I am willing to sit and discuss. it is with sadness. that I have watched, your voracious appetite for more money, money as control, money as the bond to family, friends . charities. take over and subjugate all that is caring., real amusement, .. you felt it ok to support someone that had given evidence against me, (you " understood " her predicament).. you responded to a gesture of friendship, by my being willing to commit time and money to help you make Norman fun, and interesting, and marketbale by hours of deciding how to charge me for the priviledge. you came to my island over christmas , and told tall tales regarding your non-involvement in nicks adventure, I owe our past , the responsibiliyt of having this conversation face to face. Whether it be Russo, Earl, Tony ,, each counseling to stay away from your business clutches.. [REDACTED] and the entire group that have sought advice on not getting screwed, I have never wavered. When you offered to help, wth my problem., you asked that i re-imburse you for the plane ride to see your friend, and commit 80 - 100 millino if successful,, all in the past.. If there is to be a future,, it will either need to be a two way street. or just memories.
