Boxee for iPad

One Place to Discover, Watch, and Share Your Video

We've just released Boxee for iPad along with the Boxee Media Manager (to stream files from your PC to your iPad), a new bookmarklet to save things from the web to your watch later queue, and a few updates to the Boxee Box ([click here for the full list](#)). Oh, and we're giving away iPads and Boxee Boxes on our [Facebook page... check it out](#).

For iPad users, here's what you can look forward to, and how it makes your current Boxee setup even more powerful. The first three features are familiar, but the the last two are totally new.

Visit our Facebook Page to Win an iPad + Boxee Box!

Watch Later - Your Watch Later queue is front and center on Boxee for iPad. Easily take your video playlist with you on the go. Plus we've totally revamped the Boxee Bookmarklet to make it even easier - **check it out now** whether you've got an iPad or not.

Friends - Just like on Boxee, every video your friends on Facebook/Twitter/Tumblr share with you now all go to the same place... your iPad. You'll also be able to quickly share your favorites back too. Boxee brings video sharing to the iPad in a way that's simple and unique.

Featured - Find stunning, hilarious, creative, and insightful videos shared from Boxee's editorial staff. We'll keep you up to date with the best stuff on the net.

PC to iPad, Easily - Eliminate the need to convert or sync videos to your iPad. Boxee streams videos in almost any file format from your PC or Mac to your iPad over WiFi. Install the Boxee **Media Manager**, select the videos you want to share, and you're ready to rock.

Send to TV - Find something on the iPad you'd really like to see on the big screen? Boxee Box users can send video from their iPad straight to a TV. Boxee software users don't fret, this feature's coming with the fall update. Can't wait that long? Add it to the list of reasons it might be time to upgrade to the Boxee Box.

Download Boxee For iPad

So there you have it. We've made Boxee's social features mobile, your watch later queue can go anywhere, and you'll never have to convert a file or sync videos to your iPad again. Boxee Box users, you'll be able to send videos from your iPad to Boxee in just a few quick taps. Loads of great features crammed into a neat little package. A FREE package. So go download it!... and if you've got friends with iPads who aren't Boxee users already have them **download it too!**

Cheers,
Team Boxee
