---

Hello,

We just finished working with world class photographer, Hollister Lowe, on a 9/11 tribute piece. Hollister created an extremely powerful work of art that has stopped almost every passerby in their tracks; and as we know, that is hard to do in New York City. If you have some time, I highly recommend making it over to Hudson St. and Clarkson St. in the West Village to appreciate the installation; it will be up until the end of September. Besides Hollister and Prince Media, other parties had a hand in making this public art installation and 9/11 tribute possible, here are some details:

**Location:** Hudson Street and Clarkson St (West Village Manhattan, on The Printing House Building)

**Size:** 12'h x 22'w

**Medium:** Photograph with superimposed imagery

**Artist:** [Hollister Lowe](#)

**Space Donated By:** [Prince Media](#)/Orb Management/Printing House Condo Board

**Printing Donated By:** [Duggal](#)

**Install Donated By:** Accurate Sign Company (Members of Local 137)

Thanks to all of those who were involved, and to those who go and check the space out! Comments can be posted re: the work on the [Prince Media Blog](#).

Best,

--
