I feel I like I just have to get started. I need someone to believe in me enough to give me a chance. I don't know how to try to understand reality without getting involved in it.

When I started [REDACTED] I couldn't see the end point and I didn't know where I was going. But the ideas came to me as I moved along. I took wrong turns but those enabled me to identify better ones

Ultimately I don't want to work in a corporate world, but I do feel it could be a good place for me to learn. To learn structure and routine and deadlines and systems and how projects come together.

So as always I am looking for contacts [REDACTED] so I have a chance to put myself in front of people as I think I am stronger in person.

I have a phone call with [REDACTED] on Monday. They emailed me to ask if they could connect with me on Monday.

I have spent time trying to think what real results are as opposed to make believe and what reality would be in my situation.

Thank you so much my dear Jeffrey,
I want you to be able to have the experience in life of trusting people from the beginning of a relationship to forever.

Dear Jeffrey, Want to check firstly if it is still ok with you that I travel as I am looking after cats for now but apparently [REDACTED] will also help (I know that ultimately it is for you that I do it because it's better you are not around them, they cause itches) and, if so, if I can get a note from [REDACTED]

[REDACTED]. It may not be looked at but they say it's one of the documents I should travel with.
