well he hasn't really has he.. look at how he lives on

almost a disconcerting as michael! well, _ long stretch on the almost. but he was a creative genius and we all benefited and it was a shame, this new guy sounds like a lad who lives in the mid West and like football games, in my book, that's like the kiss of death

in three years we'll all be craving the new smart phones from Japan

and that'll be the end of that.
