Subject: IMPORTANT Future in Computing Conference - VI

Date: Wed, 16 Nov 2011 08:18:07 +0000

Dear Dr. Church

Can you suggest one other person whom we can invite to the conference? We have a few more rooms available and would very much like to add someone else to the group and thought that we should reach out to you to offer a suggestion. If so, could you please give me their contact information? Obviously, time is of the essence since we only have three weeks until the conference begins.

Thank you in advance for your assistance.

With warm regards,

Cecile de Jongh
