Correct, extra cable was disposed of during the big clean up after construction finished
The outer shielding had been badly compromised, direction was given to dispose of.
I'm also under the impression this cable contains the Fiber Optic feed to the island

Danny V. & Carlos said the extra cable under blue beach was disposed of by Brice, Aaron & Brian. They said it was cut into 3ft lengths and taken off the Island.

Danny said that we don't have any WAPA cable on LSJ at the moment. We would need to purchase

Hey Bossman,

Just received a call from Clinton.

He said that we need to talk to Hodge & Danny about an approved plan from WAPA and items that we were suppose to purchase a long time ago.

He said if we had an extra cable in the hole it would've been an easy switch over to WAPA but we never purchased the extra cable. He also said the gas in the switch is empty which is a big problem on our end
