Jeffrey,

The following headline is getting a lot of attention this morning;

"Iran is just months away from a nuke" - In a CBS interview today, US Sec of Defense Leon Panetta warned "despite the efforts to disrupt the Iranian nuclear program, they have reached a point where they can assemble a bomb in a year or potentially less.... thats a red line for us and thats a red line, obviously for the Israelis. If we have to do it we will deal with it."

Let us know if you would like any oil calls priced up.
