Oh my god, my body's immune system is going bad because of the weather and because I don't sleep a lot...
I catch a bartholinitis and if it can't be resolve with antibiotics I have to go to the emergency tomorrow to be
operate for that shit, I ask my doctor about the cause and he said to me that there is no cause, my immune
system is just tired ...
Really winters are not for me!
Anyway in the same time the worst thing is I had to stop dancing till I fell better.
And I am looking for good agency in USA, people who I work with suggested me that, so I will send them
