I think Erica should come on the site visit. We have a complete COE, and we are working with CZM, apparently some of their comments were due to confusion and they are re-assessing now.

Nothing will be happening until mid next week. I did get an email yesterday late from the COE gentlemen who want to visit. Apparently they have some reports (pictures) of things they want to check out on both islands. We'll do best to walk them through everything. Its hard to make judgement calls off the aerials and probably most if not all of what they are looking at should not be a problem or something very minor. I plan to use their visit to push the new docks. We can show them how shallow it is in Shallow Bay and why we want to move.
