Subject: THANK YOU !!!

Did you hear Deborah on the phone call yesterday mentioning that her father at the end of his life was very concerned about what his children think of him, or something like that?

I felt like saying "I would like if you could keep to the legal matters". What was that for?

It was a recurrent practice of hers, in meetings, bringing her father and the second woman who married him and wanted to take all his money, until they (his children) proved that and the couple divorced. And I told her that I was sorry to what had happened to her father, but this was not Noam's case. Just in case if she was trying to imply some similarities.

This was supposed to be my legal representative. Unbelievable and outrageous.

For four years, I have been trying to deal with all this by myself.

Noam and I have to send you a big THANK YOU!
