i just spoke with Gary Moses - he is still pursuing concrete details to present to you and has not sent me anything yet

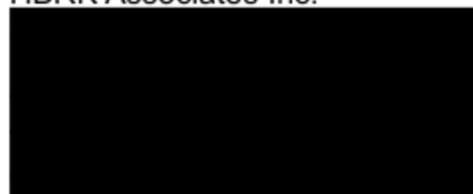

Gary asked when you would like to meet this week and location - STT or St John?

Gary also told me of other concerns he wants you to be aware of:

- a) Arran cannot even change filter on desal and that is why we have burned 3 motors
- b) John Wertz - why is he spending time on your clock redoing Arran's boat
- c) Why is time clock always down - done deliberately so they can manipulate information and peoples whereabouts
- d) Finds it strange that we always order parts to repair machinery and then we are told machines cannot be fixed - then machines are quickly sold
- e) Gary is curious what happened to 6-8k of unused copper wire on the Island
- f) Thinks it would be very helpful to track Arran's computer to show how much time he spends on Facebook and internet on a daily basis

Please advise
