I don't think I'm owed a living but I think I am missing the best opportunities to build a strong future since I've got no help and throwing away the best time of my life. This is what I think

I have so many opportunities to intern with great people and great companies but I can't and have to be a sales assistant instead because you keep telling me I need a paid job. Yes, I could have worked with a great photographer, great galleries, great companies but you told I wasn't allowed to do internships so now I am a sales assistant.

Jeffrey I did 2 internships. Ferragamo for 1month and Alaïa for 2months. This is not enough!!!! People either go to school or do internships in order to learn until they don't get a good job. I have no degree and I am NOT born enlightened !!!!!

I am paid already as a sales assistant. I have not enough skills to be paid for a more elevated position. To learn those skills people do internships over internships until they learn and get a good position in a company

you are not limited to those two " careers " , convince the team that they should pay you for your time . if they refuse , it is confirmatin of how much they want you

I feel I'm missing all my opportunities. I could get so many amazing internships in great companies thanks to my connections and learn so much. Instead I have to waste a year on being a waitress or a sales assistant just because you say I need a paid job that leads to no career.

I still have to see what they can offer. I would like to find a job in an interesting company where I can grow in a field of my interest. Sometimes internship allow you to enter a good company and train you for real jobs and get a career. Being a waitress or a sales assistant is paid but doesn't form you for a future career. It teaches you the basics of how to work, that's it. It's not interesting or challenging.
