I did not want to ruin your Christmas, Sir. Please forgive me. I should have said that I want to talk to you later and that's that. I just didn't want you to ask me questions. I wanted time.

Now I realize what a stupid idiot I was. How childish I was to say that I am already at my grandparents house when I was just going there.

You have seen something in me. You have invested time and money in me and I will pay it back with all respect and gratitude that you deserve. I know you are very disappointed in me, but I will pay off. This just can't be the end. It's Christmas, Sir. There has to be a miracle for both of us. It was fate that brought me to you in Paris. It was meant to be

Sir, you are stronger and wiser than me. I have no doubt in you and your word. I am a weak woman who was too self conscious, but I will be stronger if you let me. I would never ever break a promise again. I swear. Haven't any of your employees made a mistake not even once? [REDACTED] I don't believe people can be prefect.

I can be as good as them

I am regretting every second of that day. People make mistakes. Haven't you? You are a wise man and I know you can see that I am well aware of what I have done and I won't do it again. I have my whole life to learn from you. Don't destroy me please. I tried so hard to get this far.

Sir, I have been doing everything oh wanted me to do. I was following all your orders. I've tried my hardest to stand up to your criteria. I made one mistake. One. How can you not trust me? I did not want to lie, but I was scared and unable to think clearly. There was no danger in it. I would have never done that to hurt you. I never meant to break an agreement. Can't you see that I am very sorry. I have learnt my lesson, Sir. I will never make that mistake again. I can't loose this job! Please don't ruin my life, because of a silly mistake.

Best regards,

I won't be on any pain medicine. It's a pretty straightforward operation. I'll be out of hospital the same day.

Please just talk to me. I can't take this any longer, Sir. I am suffering deeply. I don't understand why you are treating me this way for being vulnerable once. Your heart is not breaking. You would have understood that what happened would never happen again, because I am not like that.
