[REDACTED] - NYC: [REDACTED] two just found out she has [REDACTED]. Can't believe it. She was having issues but wasn't sure it was [REDACTED] just talked to her

Joshua Fink: She has [REDACTED]

[REDACTED] - NYC: [REDACTED]

Joshua Fink: You sure not [REDACTED]

Joshua Fink: She very young for [REDACTED]

[REDACTED] - NYC: Yes

[REDACTED] - NYC: Needs [REDACTED]

Joshua Fink: Wow. That is terrible

Joshua Fink: Has it spread?

Joshua Fink: So she can't [REDACTED]

[REDACTED] - NYC: She is the kindest person I ever met

[REDACTED] - NYC: Don't know.

Joshua Fink: Is [REDACTED]

Joshua Fink: Hmm

Joshua Fink: That is very sad

Joshua Fink: You should go see her

[REDACTED] - NYC: I will cancel my meetings and go see her now

Joshua Fink: What meetings? The castings?

[REDACTED] - NYC: Yes

[REDACTED] - NYC: Can't believe it

Joshua Fink: You can see her this afternoon [REDACTED]

Joshua Fink: I just meant see her today

[REDACTED] - NYC: I can't think of anything and do anything. Want to be with her

Joshua Fink: She most likely had [REDACTED] for years

Joshua Fink: To get it

Joshua Fink: And she [REDACTED] right?

[REDACTED] - NYC: A lot

Joshua Fink: [REDACTED]

Joshua Fink: That is sad...sorry. ({})

[REDACTED] - NYC: She is the kindest human being

[REDACTED] - NYC: Can't believe

Joshua Fink: Her being kind or not is not a necessary or sufficient condition for health. Many dictators live into their 90s

Joshua Fink: But life is short and fragile....yes

[REDACTED] - NYC: I will try to help.

Joshua Fink: Just be there for her emotionally

[REDACTED] - NYC: Emotions don't safe life.

██████████ - NYC: I guess ██████████ can help her too with doctors

Joshua Fink: That is different

Joshua Fink: Yes ██████████ can and should help her

Joshua Fink: On that note, did one of your doctors in ny give you ██████████

██████████ - NYC: Yes, my Mom told me to do it long time ago. I did ██████████

██████████ So I dont have any risk

Joshua Fink: Good

██████████ - NYC: She also had ██████████ before

Joshua Fink: I don't believe there is much statistical correlation between the two.

Joshua Fink: With ██████████ there is big time. And I also bet she did not ██████████

██████████ - NYC: Little. But there is. No upside of having ██████████

Joshua Fink: No upside?

██████████ - NYC: No positive consequences for the health.

Joshua Fink: For health...no upside....but one does not do it for health benifits in first place so I don't get the point

██████████ - NYC: My point is that everything has its consequences.

██████████ - NYC: I love you and have stood by you during what i know has been a very stressful time for you...however, I truly believe you should be ashamed of yourself. in the way you have decided to treat me. your strong reaction to a broken vase is far from the reaction to ██████████ that has permanently damaged me. you have refused to help me with my visa. and get annoyed when i try to find an alternative. I have always been there for you, with all the love i can give. you have ignored my needs but obsessed about yours. The fundamental issue, as you put it, is what has driven you to behave in a way that i know you yourself are not proud of. the bad press, father, xanax overdosing. I fear that you have lost , who you really are. I know these times are difficult, if there is something i can do to help you I will. I want things to be good between us.

Joshua Fink: What is it you suggest I do re your visa?

Joshua Fink: I am proud of who I am...sorry you are not

Joshua Fink: That was the meanest thing anyone has ever written me. Either it is genuinely mean or some attempted guilt trip with a total mess of actual facts.

Joshua Fink: And how is bad press me behaving in a bad way???????

Joshua Fink: And my father???

Joshua Fink: And what does you ██████████ have to do with the fact that you chose to hide something from me....the two have nothing to do with one another...

Joshua Fink: And with your visa, I have no idea what it is I can do beyond pay your agency to supplant your income and theirs because you are not getting work as a model
