Attachments: JLG1055-Richard_Kahn.pdf

i contacted 3-4 florida dealers and JLG yesterday

JLG will not sell new machine to me directly

They also informed me that new 2018 machines are 220-240k depending on options...

appears i was misinformed from previous salesman when they said new machines were 140-150k

JLG said their next slot on line for new machine is march 2018

it appears they sell most of new machines to rental companies..

attached lull in my opinion has to many hours 5450 and is full of rust...

mark will send more options today..

Rich,

Please see attached quotation on JLG 10-55A reach forklift .. Unit is used and is located in Lakeland, FL .. If you would like to purchase I will get transport set-up to have unit brought down to our WPB store .. Please let me know when you get a minute .. Thanks

I will get you a price for a new one as soon as I hear back from the dealer
