Jules has been working on the gym road with the hammer he has managed to hit the main power supply to 5 Palms beach office, gym

The lines have not been damaged but power will need to be turned off to these areas to reinstall into the ground. Given that it is only a few inches in the ground, we would like to repair and reinstall it deeper.

Would like to complete the hammer work for the gym road, hammer work at palms road road then remove hammer, attach bucket then complete both roads.

Please note it takes a good 2 hours to remove and install pieces.

Bottom line gym road will be messy at least until Sat PM.

This would be the quickest and most efficient way to have both roads useable.

Please advise.
