Jeffrey,
-I had to fedex DPU EFIS unit I installed in Gulfstream during our Palm bch visit, completed today.

-Helicopter is at paint shop as of yesterday, I removed the passenger windows myself and fedex to Dallas for repair, the windows should be back Saturday, will know tomorrow on exact date.

-Paint work should be completed Friday, I will fly the heli to Toy store for leather seat wrinkle repair, headrest removal, (unsure of arm rest welding or modification if that will be able to happen this week, Toy store is in final stages of BBJ interior completion, they only have 9 workers total. I'd like your permission to delay arm rest repair, and get the heli in service, the divan needs to be removed and it takes 3 hours to remove and same to install. it needs welding and reinforcement to make sturdy, the opening you notice is from factory due to credenza install that came with the original interior on the 430. I'd like to investigate the BMW arm rest and Lincoln arm rest to address when I have more time.

-if all goes well, i'd depart palm beach in Heli on Monday weather permitting, current weather is PERFECT to St Thomas,

-Dogs, no news yet,

-Boat, I need to get r/h engine working properly, buyer wants to close this weekend, just don't have time to get everything done,. I plan to address the boat engine tonight at 6pm., new fuel and clean fuel filter,.

-equipment purchase is on my TO DUE list for tomorrow,

-currently trying to locate throttle cable for your polaris, don't know who ordered, but only polaris shop is located in Lauderdale, west palm dealer you visited does not sell Polaris, only their lauderdale location handles parts.

thx,
Larry
