FYI

I sent it again cc his assistant. If he does not reply on this (by tmr) – something is VERY VERY wrong.

Will keep you posted.

Hi David,

Hope all is well. I sent you emails but did not hear back. As there might be something with my (or your email) I am also cc Marry/Laura.

I am writing you this to ask you whether you are in DC on 9/29 and 9/30?

I will be with Bill in NYC next week Wed-Friday noon when we go to DC for some meeting re national security. We should be done around 6-7pm on 9/28th.

It would be great if you are around and can join us for a dinner! Most likely it would be only three of us.

If this does not work for you, perhaps you are around next day (Saturday Alternatively next day 9/28th) for a breakfast or lunch. my friend that I mentioned you Jeffrey Epstein will be around.

So whatever works for you – either of those or both ;) If none, I hope some other time soon will work.

Looking forward to seeing you soon!

Boris
