Im told that [REDACTED] received a letter from JP/. I have asked her to request permisioin to continue to remove debris and bring reilef supplies . the tension amongst many of the staff who have no homes to return to , no power , water for their families but relying on my bringing them help is difficult to control. I worked closely with coast guard to be extra careful not to have any issues. I would greatly appreciate your thoughts and guidance. . i will ask for emergency permission to continue to help these people. john woods said he is just getting up and running in order to join the more orderly permit process. . I will not return to the VI for two or three more weeks. hope you and your family are well
