I already have my sister planned for christmas and I can go earlier if necessary. My mom will be there too :))

Jeffrey something just dawned on me that I realized you may not be used to, sometimes visiting family isn't entirely restful. While it is very very lovely and necessary it comes with its own stresses. I cant stay with my sister in London because my niece is in my room, so I must find somewhere to stay.
(South Africa, my mom is in a tiny apartment in a retirement complex)

I was sick again this am, I hope it was isolated and maybe from eating too much too soon last night.

Jeffrey I havent heard anything from Andrew, wanted to give him a couple days after thanksgiving. I think he wanted to do a background check on me and said something along the lines of the results of that will determine where he can send me to. that was my understanding of it and i think I understood. He seemed extremely cautious and wants me to make up a story for the years before school.

I have an interview at the Whitney tonight.

the internship has not yielded results. the guy is bankrupt, programs on the computers not legal, and took me into a pub at 4pm in New Jersey to drink beer (I had water) before a site visit.

I went on another date last week with one of our neighbours, Ben , he is very sweet
