Thought about it a bit more...and if it feels like monkey business that I can't fix with the HR lady I might need your help. For the life of me I can't figure this one out. It must be HR folks chattering.

I will send you the job description and posting number etc. Don't act until I get more info ok?

No one in office today, I called/emailed. The person who vacated the job I want advised me to pursue both secondment and big job at the same time and hedge. She's a clever Pakistani woman who knows the system. She says they are two different processes and that no one would fault me for doing so. In her opinion it could be seen as a positive.

Boris was so weird yesterday. He raised his voice at me about something I didn't understand and then dropped the WB thing. Late last nite he sent me a note saying he was beyond stressed. I guess everyone at breaking point lately. He's never done that and a side of him I hadn't seen and we are very close.

Anyway thank you for caring so much. I was a lot surprised yesterday.

Sorry pumpkin to be so upset.

I do trust you and hope you aren't mad at me for accusing you. Please accept my apology.
