Dear Gary:

#1. Please send me the accounting for the estate. This is past due.

#2. My calculations are that I am owed the following on the 4.9 million dollar estate;

which includes a loan to you of 250k that was made while mom was in the hospital in December before her death in February.

minus expensed which also include the 90k that you took as executor.

4.9 million dollars - 700 equals approximately 4.2

minus the 800 already paid...equals 3.4 million dollars

half of which is 1.7 million dollar additional, which I have received so far 450k.

So an additional check of 1,250,000 should be sent to me asap.

Afterwards we will need to resolve hopefully amicably the 500k difference of the million that you as trustee of dad's trust are legally responsible for letting mon take from us.
