jimmy not great at following thru with details

he quickly called after i resent and said looks good and i will talk to chris about proper sizing..nothing else..

LSJ is desperately lacking a construction foreman to move things along and keep everyone in line

i am concerned with so many workers and not the best managers that there is to much waste and unproductivity..

Dear Mr. Kahn,

Thank you so much for your time over the phone earlier today, please find attached a complete proposal for a Fully Equipped Seawater Desalination Plant Model SW80K-LX capable of producing 80,000 gallons per day of pure fresh drinking water as per WHO and EPA Standards for Pure Drinking Water Applications.

Please review this presentation, and if you have any questions, please feel free t contact me anytime at [REDACTED].

Finally, thank you so much for your considerations and for your interest in Ampac USA, looking forward for your reply.

Best Regards,

Sammy A. Farag
