Greetings, Marvin -

Great talking with you this morning - thank you for your kind words about my talk and for inviting me to the studio today! Sorry I wasn't available today. Kudos on your success with Nylon! Loved the Bowie photo you showed me - we are kindred spirits there. And thank you for offering to introduce me to Dhani Harrison after my talk last week - hard to express or quantify how much his dad and bandmates have inspired me and my career - since 1st grade!

I'm usually at UCLA on Wednesdays and some Sats and Suns working on my book. Perhaps you might consider visiting my home practice studio in Moorpark one weekend sometime soon?

My permanent email address is [REDACTED]. Cell number is [REDACTED]. Thanks for asking to hear a recording - will follow-up this email with another that links to a song on my Google drive I wrote and recorded with Dionne Anylah. Would greatly appreciate your comments and criticisms - heartfelt from the early days of the AIDS wars in Manhattan, written after doing a spinal tap that led me to diagnose him with CNS Lymphoma - he died a few days later.

Happy Thanksgiving!
Mark
