Well said. Just got offered a teaching job for the Fall. Intro or Advanced Placement Computer Science for a rural high school with 0 computer science support. Could be an interesting way to give back. Thoughts?

Curious to hear
your opinion on
this. Some of my
family is / has
been convinced
that me going for
my PhD is a
terrible idea
(given my age).
They realize I

have taken
graduate classes,
and am doing
fine. Any reason
why it's such a
terrible idea?
Noting that I'll
do whatever I
want anyways
(and they know

it) , but curious to
hear a different
(and less
traditional)
perspective.

Hope all is well
in Paris.
