Well said. Just got offered a teaching job for the Fall. Intro or Advanced Placement Computer Science for a rural high school with 0 computer science support. Could be an interesting way to give back. Thoughts?

Curious to hear  
your opinion on  
this. Some of my  
family is / has  
been convinced  
that me going for  
my PhD is a  
terrible idea  
(given my age).  
They realize I

have taken  
graduate classes,  
and am doing  
fine. Any reason  
why it's such a  
terrible idea?  
Noting that I'll  
do whatever I  
want anyways  
(and they know

it) , but curious to  
hear a different  
(and less  
traditional)  
perspective.

Hope all is well  
in Paris.
