Hi Philippe,

I reviewed the links on the Reputation Dashboard. Could you please correct the following?

--<http://jeffreypstein93.wordpress.com/2012/12/07/14/%20> this doesn't lead anywhere.

--the Jux blog links: images are inappropriate. Could you change them?

--there are only 6 guest blog articles posted. I think there's supposed to be 8 or 10?

--www.jeffreyepsteineducation.com is a main website not a minisite.

-- your social media profiles correspond to different people. Not Jeffrey.

Thanks for changing/updating the above,
