I don't have the money to eat and to pay a rent while I'm working everyday and you tell me to buy a computer ? Even used I can't afford it. All my friends have their family supporting them, I don't. I still don't understand if you realize how I am living ... the situation is that I'm living with [REDACTED] who lives on the next floor prepares dinner for me when [REDACTED] is not there. I don't have the money to pay anything here, not even the public transport

Because for the Marketing days we are interns and it's not in their budget to buy us a computer. I stopped using mine since almost 2 months because it's completely broken and super old now. I also need one so that I can work from home. I just asked [REDACTED] what is this story of the computer that she asked you for because I knew nothing about it and to be honest it makes me a bit angry since I was telling her about this last week and she didn't tell me anything
