because I have had to defend you, and very very strongly. not to david. . I am firmly in your corner . I prefer you not get in trouble. so as you guys refuse to send lists but only say , weve sent them before is a very bad image. howie is leading you there. . withholding details , specifics where the checks are written to . and for how much and exactly for what will keep you as safe as I can. each time saying we ve done this , before youve seen this, instead of a lawyer saying here it is. any other questions. is madness

We have stoped the back and forth - discussed with attorneys everyone has what they need - pen down on this issue - no one has any issues

I appreciate your concern but if david needs something let him come to me - why he has you in the middle I do not understand

He has all the support info he needed for the bank - no one has hid anything every cost has a line item with a description next to it. David has this Let's move on

What I don't understand is why your involved over this issue and seem to take me to task when I'm the only one driving this project to completion- I'm the only one driving punch lists for months —not only the bank needs and tco - which at one point a few weeks ago might have had exposure of 2mm - which is down to almost complete

I'm the one here daily like now -today - driving lighting contractor and others to finish projects - so we can make a Dec 2 tasting and finally open to the public

David does nothing but procrastination on any item given to him can't make a decision ever - does not answer emails from others - never answers the phone -

the hotel mgmt is a disaster yet david does nothing to solve the issues yet it seems like the only issue that you review for david is material that david has been given several times

I don't get it ?.

fyi, instead of howie just attaching the list, -simple if it exists. - it looks as if he is playing hide the ball . we gave it to you , steve gave it to you, etc. and on top he will bill the partnership for his time writing this drivel.
