I chose this job because I had no other choices !! I took the first offer since I didn't get any better ones and I stuck to it. I'm almost working full time. You have no idea what I'm enduring and how much work I have and effort I'm putting in it. When I come back home I'm exhausted. All this with zero reward. Two times a week I also have to work in Richmond which is situated outside London and it takes me one hour of train to get there. The only motivation I have is that hopefully I'm learning something

you chose this job , you choose not to get another to fill in the gaps. these are merely the consequences of a long line of your own decisions. behavior and actions. nothing more. work nights. weekends. when given the opportunity to learn you discarded it. when it was pointed out that [REDACTED] and julia work hard, you said I dont want to work hard. etc

no i do not think after one month you should be rewarded. silly, rewarded for doing what everyone has to do. / you can ask me again no earlier than february, . as you may recall you asked for a reward for getting a part time job at coste and then quit soon after.

Thank you. I finally found a stable job and putting a lot of effort. Compared to my previous computer, the mac Air has a much lower performance and almost no storage. Don't you think I should be rewarded with good working material ? I'm trying to learn as much as I can but still I'm not able to survive. I already owe 1000 pounds to a friend because I had zero money and now also this money is about to finish. I don't even know how to pay him back. You told me that if I had a stable job you would supplement work pay. I cannot survive with my salary. This is my contract:

All my friends have their family supporting them, I don't. I still don't understand if you realize how I am living ... the situation is that [REDACTED] living with Margo in London and Tancredi's mother who lives on the next floor prepares dinner for me when Margo is not there. I don't have the money to pay anything here, not even the public transport

Because for the Marketing days we are interns and it's not in their budget to buy us a computer. I stopped using mine since almost 2 months because it's completely broken and super old now. I also need one so that I can work from home. I just asked Margo what is this story of the computer that she asked you for because I knew nothing about it and to be honest it makes me a bit angry since I was telling her about this last week and she didn't tell me anything
