2. technical competence in sensor , factor analysis , could lead to simple AI, i think your idea of iq testing is great.

>>>>The more I think about it, the more I like that idea. That's one of the reasons I'm keen on Danny K's System 1/System 2 idea -- I think that's the way to think about the processing that is draw upon in the IQ scales... (btw: I increasingly like your guy Bach... he's very smart and has thought about a lot of things... could the Germans be about to experience a revival?)

. 3. careful careful with minerva

>>>>Yes. I've now done due diligence about the finances (and now know where the money is), and I've talked at length, separately, with two senior V.C.'s who were familiar with it. There's no doubt that it is very likely to fail, but: (a) I think I'll have fun with it, and (b) I think I'll learn a lot, even as it fails, which will open additional doors for me. Plus there's the fact that I'm not happy in my current job and there are no other options currently available... All that said, I'll be interested in seeing how your interview with Ben ends up...

Be well!

s.
