Dear Gary:

Sy told me he had just to receive an old brokerage statement to finish.

I fully understand the need for completeness, however, I have been promised since October that it would be only a few weeks each time.

Please send me today the accounting as it currently stands,

I have been patient and you have asked for my trust. It is now time for you to deliver on the promises that you have made.

My calculation says I am owed 1.25 million dollars more.

If you dispute that , please do so asap .
