Good morning Mr.Epstein the visit Friday at 10:30am from Cutting Edge is to work on the 6th floor media room this is included in the original scope of work .This visit is a final check of the system to make sure the projector did not shift and to install the 3D module this is a final close out of the installation, cutting edge is requesting final payment on that day and cutting edge will turn over the source codes for the system to us.
